

BRANDED CONSTRUCTION FENCING IN SOUTH PARK

South Park is growing at an unprecedented rate - with 5 development projects under construction and 22 in the pipeline, our residential population is expected to triple in the next two years and our retail space will increase by more than 500k square feet. These projects are exciting, but the impacts of construction can be noisy, messy, and tough on retail. To mitigate these effects, South Park BID is fundraising to install custom, neighborhood-branded construction fence wrappings. The vinyl wraps will deter graffiti, improve the aesthetics of development sites, and get the word out about your project and the growing neighborhood.

CUSTOM COVERINGS

- Fade resistant
- Laminated for easier graffiti removal
- Ideal for windy and wet conditions
- Easily installed and stored
- Available in standard vinyl and lighter weight vinyl mesh
- 5-year outdoor life span
- Reusable

HOW TO PARTICIPATE

Sponsor a vinyl covering for your development project, and South Park BID will manage the design, installation, and maintenance of your construction fence coverings.

Vinyl covering, including installation and graffiti laminate is approximately \$2,000 for a 40-yard banner, but may vary depending on individual site dimensions.

For more information, contact Lulu Woldemariam at lulu@southpark.la, 213-663-1120.
